trick Fps increased from ~7.0 to ~11.0, no slow down, easy to hit the invisible wall and still play. Nice little glitch this one is, hold down L1 and keep in the yellow circle when he is grappling you to start a counter attack. I'm sure you would like to know how to perform this. a savepoint trap in counter strike 1.6 In CS 1.6, you can usually start a counter attack before your first round is over. This will net you about an extra 5 or 6 free shots. When you are running around and a guy starts chasing you and you're both being careful to not get hit, when you reach a corner, just jump and he will get hit a little bit and slow down. Jump back into his arms and he will get out of shape. cheat cs 1.6 infinite ammo infinite money Without any work, you can get infinite ammo and money in Counter-Strike. What you need is the team hostage technique, and you should have three teammates (or four, but three are enough). You need to have a team mate standing at the next corner over, which will be visible to the guy that you are playing as. The team mate should be standing so that you can jump over his head, and should be under the corner, but not visible to the guy on the corner. The team mate should stand at the same spot for the whole game. The next one is the team hostage technique, which is a little easier to get than infinite ammo. What you need is three teammates, and you need to have all the hostage guys in a corner. The hostage guys will start to fall asleep, and you can sometimes get them to fall asleep twice if you shoot them with a shotgun. This can help you get infinite ammo and money without having to do much. countdown score attack cheat - counter strike 1.6 There's a trick for the Score Attack option that will make the points of your opponents disappear. This works on both servers, and for both Counter Strike and Counter Strike Source. To do this, you will need a level 30 character and a level 27 rifle. What you need to do is go to your lobby screen, and open the menu. Next, look for "score attack", and if it is not selected, click it. Look around on your gun and 82157476af
